

2011-2012 Concessions

Please take note of dates and times that you have been scheduled for concessions. There will be a schedule located on the inside of the concessions door. Each family has been assigned 5-6 times during the course of our season and 3 families per game, in hopes that we'll have plenty of help. Our concessions is our primary source of additional funding for all of our athletic & activity programs. It is important that you fill your time slot. If you are unable to fill the time(s) assigned, please make an effort to find a replacement or switch a shift with someone.

We have done our best to make sure that you will not be assigned a time in which your son's team may be playing. However, if you find yourself in that situation, we ask that you at least help out during the halftime and inbetween and/or after games
